Mickey,

We plan to be on site tomorrow to transfer the hazardous sludge from vac box 601 to a good box for shipment. We also plan to solidify the sludge in box 617 to prepare it for shipment in another container. I have the shipment of the nonhazardous scheduled for Wednesday and I am awaiting Clean Harbors schedule to ship the haz waste box.

I do not control the access to the site since the EPA/TCEQ implemented activities at the site. Therefore, make sure that you give the TCEQ and EPA notification prior to mobilization.

Mickey,

I am waiting on an air mover to become available. I have called 3 of my subcontractors and the earliest I can schedule them is next week. I am on their waiting list. I have all of the landfill approvals in hand and we are standing by. I know it is a priority and we certainly want to get it done.

I am trying to see if we can get one for Saturday.

I will let you know as soon as I get equipment lined up.
